Why we add value

Leadership

- We have the resources and capability to lead all our chosen areas of business, including an experienced claims unit

Service

- Our renewable energy team has over 50 years of combined underwriting experience in this specialty insurance field
- We pride ourselves on our experience, market know-how and in-house risk engineering capabilities. It is our belief that this sets us apart from many of our competitors in the market
- We offer comprehensive 'cradle to grave' solutions, tailor-made, with seamless construction into operational insurance for renewable energy projects
